ABOUT ME

i am a student of the degree in multimedial technology at the maimonides university, recently graduated from ORT argentina.. I like everything related to graphic design, interface and 3D animation, is something that for several years I've been doing as a hobby and also as a job, I'm looking for a job to help me grow in the world of animation and design. To be able to continue growing and developing myself.

WORK EXPERIENCE

FREELANCE WORK AS A GRAPHIC DESIGNER, 3D DESIGNER AND ANIMATOR FOR INDIVIDUALS WITH INDIVIDUAL PROJECTS FOR STARTUPS, ENTERTAINMENT, ADVERTISING AND MORE

2019 - Presente (2021)

Since 2019 I started working as a FreeLancer.

I worked with more than 200 people, related to the gaming and business environment. From countries like the United States and other great majority located in Europe and Latin America. More than 500 designs made in 2020. Advanced use in blender. Creation of advanced animations related to the gaming environment but implemented things, actions of reality and advertising. I worked in esport teams and companies making the graphic line. I made projects outside the gaming environment, character modeling project, character development and the use of it in animations and fantasy projects. Development of a video game with Unity being the modeler, illuminator, also designing and creating objects in the set design. In my portfolio I have works done in photoshop, illustrator and blender. both graphic pieces for advertising, entertainment and art.
